Subject: School's Academic Year 2021-2022 (March 25, 2021)

Dear Parents/Guardians,

The staff of Pakistan Urdu School is grateful and appreciates the support school receives from the parents during this scenario of COVID-19. The school has completed the academic year 2020-2021 and is thankful to all the stakeholders for their support.

Academic year (April 2021-March 2022) will commence on 6th April 2021.

The safety and security of students and staff is the priority of Pakistan Urdu School; therefore, we have been working diligently on the following options for providing education during the 1st term of academic year (2021-2022).

- The school facility
- Continuation of E-learning
- Both (Blended Learning)

After a detailed discussion on the current situation with the school teams, it is decided that School will continue E-Learning practices until any further notification from school management and from MOE Bahrain.

After equipping with the google suite for education, the school has provided email addresses to all the students and staff for their teaching-learning activities. The school domain is [@pakurduschool.com](mailto:info@pakurduschool.com). The school expects adequate support from parents to make this change a great success.

When the circumstances are favorable for in-class teaching, grade IX to Grade XII, being senior classes, will be considered for Blended Learning (Online & in-person) meeting the precautionary measures and standards set by the MOE.

Annual evaluation of students' performance is in progress and the online results will be available from 30th March 2021. The hard copies of the result cards will be available afterwards.
