September (2021) Plan of Re-opening of Pakistan Urdu School Bahrain

Pakistan Urdu School Bahrain has completed its first term of the academic year 2021-2022. The results of the first term, based on the school's current Evaluation policy, will be available from Monday, 28th June 2021, and will be sent through email accounts of the Students.

The school will observe summer vacation from 1st July till 4th September 2021 and re-open for its 2nd term on Sunday 5th September 2021. The staff will join the school from Wednesday 1st September 2021 for teachers' only days.

The staff of Pakistan Urdu School is grateful for MOE's support, as we together responded to the unexpected invasion of COVID-19. Furthermore, we appreciate how our students, parents, and staff accepted the challenges faced during the most unusual circumstances and continued teaching-learning processes.

Our students & staff's safety and security is the priority of Pakistan Urdu School; therefore, we have been working diligently on our September Plans to re-open the school using the school facility, continuing with online learning platforms or both. In this regard, the school will strictly follow the Ministry of Education's instructions, and the school will update the parents and students about the procedures and regulations issued by MOE.

After observing the current situation, and a detailed discussion with the school teams, including VPs and School Administrator, it is planned that Pakistan Urdu School will continue Online teaching-Learning for the whole school during September 2021. Parents will be updated for any change in the processes.

It is critical to take all precautionary measures to protect the children from the risk of direct infection and transmission of COVID-19 and to provide a safe environment for them to return to school in a structured manner that protects children's health and minimizes risks of getting infected or become a victim of COVID-19.

We pray for a good, safe, and secure environment for the months ahead to continue imparting quality education amid COVID-19.
